

Sue Dearing has been a resident of the Victor Valley since 1984 when she relocated from the East San Gabriel Valley to raise her children. She is married, has 3 children, 1 step-son and 10 grandchildren who are the light of her life.

Working in the banking industry in her early 20's it was an easy transition to Sue getting her Real Estate license in the mid 1970's, and then her Brokers license in 1990. She owned her own boutique real estate company prior to becoming a Broker Associate with Keller Williams Realty, with its national and international market centers. Sue has navigated all types of Real Estate markets and economies. Being learning based has kept Sue in the forefront of the industry and has helped her become a trusted resource to her customers and clients.

Wanting to do something to "give back", Sue ran her first marathon at the age of 50 with Team in Training, the fundraising arm to the Leukemia/Lymphoma Society. She never looked back, and has now run 29 marathons of which many were with Team in Training, raising many thousands of dollars for the Society.

Within the Real Estate community, Sue is an active member of Women's Council of Realtors, serving the East Valley Network as Membership Director from 2018 thru 2020, and Local President of the Victor Valley Network in 2013.

Sue enjoys running, hiking, travel and spending precious time with her grandchildren ages 8 to 23. She looks forward to serving and being an active participant with Today's Woman Foundation for the betterment of the women of our community.
